

WELCOME BACK CLASS OF 2017!

It's hard to believe it's already been twenty years since you've all graduated from our halls here at William Henry Harrison High. We're so excited to see your faces once more! We hope you enjoy seeing familiar faces of both your fellow graduates and faculty members once again.

Refreshments will be served in the gymnasium, where the initial reunion ceremony will begin. Twenty years is a long time-- perhaps you might have trouble recognizing some students you've known so well! We encourage everyone to mingle and reminisce about both the ups and downs you might have experienced here at our school. A lot can change, and perhaps you might find interesting facts about your former classmates. They might not be the same person you once knew! It takes a bit of time and effort on your part to reconnect with your fellow friends and classmates, but the rekindling of bonds is often worth it.

We've also included the 2017 yearbook for you all to share. Most likely, you'll find some fun memories that have slipped all your minds.

Regardless, we hope you enjoy each other's company and the event!

GAME INSTRUCTIONS

Each player must draw two trios of cards: two adjective cards, two job cards, and two quirk cards. Players choose one of each kind of cards to construct their persona. Discard the remaining three cards.

Ex. Cynical (adj) lawyer (job) who is an avid environmentalist (quirk)

You don't want to act as if you forgot everything about your friends, because who wants to be in an awkward situation like that? Engage in discussion and try to figure out what kind of new personality or quirks your long-time friends have picked up or become without being too obvious. Once you think you've figured out someone's persona, ask them about their adjective, job, or quirk.

Once a friend guesses an adjective, job, or quirk of another friend correctly, the latter must flip over the correctly guessed and make it public knowledge so everyone knows that information has been revealed.

A yearbook is present at this reunion with memories of both fun, awkward, memorable moments that you've all shared together. If there's a lull in the conversation, try picking up one of the yearbook cards to reflect upon a past experience.

Remember when your class elected senior superlatives? We've incorporated reunion superlatives for you all to vote on and elect for each other now, 20 years later. Have fun with them and don't take them too seriously!
